

YEAR R OVERVIEW 20/21	AUTUMN	SPRING	SUMMER
THEME:	Children learn through play and we have taken on the In the Moment Planning approach. This is where we observe and interact with children as they pursue their own interests, with adults assessing and moving them on in that moment. Together with teaching of reading, writing and maths, this leads to the final year assessment (Early Learning Goals).		
Connecting Our Lives with others	<p style="text-align: center;">Communicating with children and adults Listening and taking turns All About Me Box Phonics Reading and writing Local trips Sharing Assembly</p>
