Our Vision is to create an environment where every learner has the opportunity to amaze us (Luke 2:33)

Good learners are: Responsible; Reflective; Resourceful; Resilient; Reasoning; Risk Taking

Dear Parents/Carers,

Lockdown/Home Learning Week 3.

I am incredibly overwhelmed by how brilliantly you are all getting on with your learning despite all of the varied and unique difficulties that you are experiencing.

Your teachers are telling me that not only are you being **Resilient**, but that your **Reasoning** is fantastic. You are showing through your feedback, the learning you are sharing and your interactions that you are 'getting on with it' because this is the situation and you can't change it – that is superb **Reasoning**.

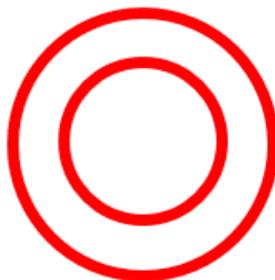

Try each day to think of something great that has happened, no matter how small, and when you close your eyes at night, be grateful for the day you have had.

The archaeologists have started their excavations this week, looking at the site of our new nursery and hall. Our school, as you know, is built on an Iron Age and Roman settlement. So far they have found a few fragments of Roman pottery, some shadows of post holes and some evidence of two ditches. What could they be? Perhaps the creative and imaginative historians amongst you could try to guess what these ancient features were for. The dig will widen as the foundations are dug and the archaeologists will look to see if they can find any more clues to put in the jigsaw.

Keep trying your best everyone and keep finding a way to achieve what you want to; remember the Kelvedon way – "if you can't get over it, and you can't get through it, and you can't get under it, you've got to go around it."

Stay safe everyone.

Learning together, *M. Walsh*

When you do nothing you feel overwhelmed and powerless. But when you get involved you feel the sense of hope and accomplishment that comes from knowing you are working to make things better.
